Home Video Market

- In 2017 total consumer spending was equal to EUR 529.8 million, up 9.2% compared to 2016.

- Main growth factor was subscription digital video (OTT), growing from EUR 99.9 million to EUR 172.5 million.

- Excluding subscriptions, transactional consumer spending (physical rental and retail, digital rental and retail) was equal to EUR 357.3 million in 2017, down 8.7% compared to 2016.

- For the first time, total digital video consumer spending (across digital retail and rental, subscriptions and pay TV VOD) exceeded physical consumer spending.

Physical Market

- Physical Video consumer spending in 2017 was equal to EUR 255.9 million, down 14.2%.

- Physical video rental was down 27.3%, although 1 million individuals still rented discs regularly in 2017.

- Physical video retail was down 14.7%.

- DVD is still the dominating format representing over 70% of consumer spending.

- Consumer electronics are the main physical distribution channel representing 40% of total sales.

- Kiosks, historically an important distribution channel in Italy, registered a decline in sales by 16%.

Digital Market (OTT)

- In 2017, digital subscription grew rapidly in Italy like in many other territories, up over 70% compared with 2016.

- Rental digital video grew by only 8%.

- The same marginal growth applied to retail digital video, up 5% versus the previous year.

- In total, rental and retail digital video represent 17% of the Italian OTT video consumer spending.

Pay TV Transactional VOD

- Pay TV transactional VOD consumer spending was equal to EUR 68 million in 2017, growing by a significant 22% compared to the previous year.
Other relevant developments

- Piracy continues to be a serious problem for the film and audiovisual industry in Italy. According to the recent IPSOS research, 39% of Italian adults engaged in at least one act of piracy (films, TV series or TV programmes) in 2017.

- It is estimated that the piracy of films and TV series results in approximately 130 million lost viewings, causing an economical loss of approximately EUR 600 million.

This commentary was provided by Univideo, the Italian Video Association.

#### Notes:
1) Consumer level digital video (OTT) and pay TV transactional VOD figures may differ from locally published figures due to the application of different definitions.
2) Historical numbers in this section may differ from those published in previous years owing to changes in IHS Markit methodology.
3) The current online figures are a snapshot of the market in June 2017. Figures are updated regularly and so it may not possible to compare directly to figures published after this date.
4) Total Europe include Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, UK, Croatia, Czech Republic, Hungary, Poland, Russia, and Slovakia.
